- Lighting for Downtown Historic District
- Preliminary Study – Cherry Street Master Plan
- Historic Review Ordinance
- Historic Neighborhood Designations, Intown, Pleasant Hill and Cherokee Heights
- Signage – Industrial Parks

Director Site Development – Charter Medical

- Charter Medical developed prototype Psychiatric Hospitals throughout the Country – Goal 40 per year for 5 years.
- Site Development – Worked to locate sites and determine the development potential for each site.
- Development Determinates – Availability and cost for all utilities, capacity for utilities, environmental issues, local regulations for development, fees associated with development, and zoning.
- Site Development was responsible for zoning all the hospitals. A Psychiatric Hospital was not a permitted use in any Charter location. Received 100% zoning approvals for the hospitals.
- Site Development – Handled all construction related activities from civil engineering, utility coordination through to landscape architecture and installation.

Volunteer Landscape Projects

- Bicentennial Park
- MTA – Spirit of Macon Park
